SHOWCASE 2019 TRADESHOW AND CAREER FAIR IN AVIATION and the EDMONTON AIRSHOW

From August 16-18, the Alberta Aviation Council is collaborating with the Edmonton Airshow to bring you SHOWCASE 2019! This is an opportunity for you to expose your business and connect with other exhibitors. There are only 20 booths available so hurry and get your application in by Thursday, July 25, to reserve your booth. For more information, email Brian at brian@rwevents.ca or go to our [website](#) for more information.

Want to connect with other AAC members? We are also looking for 2 volunteers per day to man the AAC booth during the Tradeshow. What better way to connect with other AAC members. Please email educationaac@gmail.com to volunteer or for more information.

UPCOMING CASINO

The AAC has been given the dates October 30th and 31st at the Edmonton Casino (Argyll Casino) for the next AAC Casino. We are looking for volunteers for this event. As you know, the AAC using AGLC funds for its operations and for bringing you collaborations like the one mentioned above with the Edmonton Airshow as well as the recent Symposium. We have also been able to donate to the Air Cadet League of Canada, Alberta Aviation Museum Association and several other organizations. This would not be possible without your help. Please email educationaac@gmail.com to volunteer or for more information.

NEW BOARD MEMBER

Please join us in welcoming Kent Milley to our Board of Directors! Kent brings many years of experience in leadership roles across Canada. Here is a small piece of what Kent brings to the AAC board:

"I am an experienced leader with 15+ years of diverse experience in the oil and gas industry in the areas of Operations, Logistics, People, Supply Chain, and Continuous Improvement. After a very successful 12 years at Shell I was transitioned to Canadian Natural Resources as part of their Global divestment strategy where I am now the Commercial Operations Lead for Mine Operations accountable for all Mining Commercial matters. I graduated from Dalhousie University with a Bachelor of Management degree with distinction in 2005 and joined Shell Canada in their new graduate management development program. While attending University I worked full-time at the Halifax International Airport with PLH Aviation Services working in all facets of the aircraft refueling business ending off as a Operations Coordinator / Supervisor. It is while working there that I developed a passion for aviation and begin my journey to obtain a private pilots license, and eventually also completing a Diploma in Airport Operations. Since a brief hiatus my enthusiasm for aviation never wavered and I am now looking to get back involved in the industry to give back, educate, promote and just be involved within the aerospace community. I have also recently joined IAAE Canada and working towards my accreditation in their Airport Professional Program. I am married with 2 young kids who keep me very active and on my toes!"

For more information on these and other such opportunities, please visit our website at www.albertaaviationcouncil.com and head to the "News" section.
