**CREATING THE 2018 AIR FACILITIES MAP**

**Why is this important?**

The changes to the *Canadian Aviation Regulations*, published in Canada Gazette, Part II, on October 19, 2016, will require aerodrome proponents to consult with stakeholders before developing an aerodrome or significantly changing an existing one. As of January 1, 2017, Canadians will have the opportunity to provide feedback on new aerodromes and on any significant changes to existing aerodromes. Stakeholders could include local citizens, municipalities, local aerodrome operators, air navigation service providers, and Transport Canada. For more information on the new regulation visit our website under the "News" section "Amendment to CARS".

**When will this be completed?**

The goal is to have it completed prior to January of 2018.

**How do I get my hands on a 2018 Air Facilities Map once it's completed?**

As these maps will not be available for purchase, THERE'S ONLY ONE WAY TO GET YOUR MAP! When you become a member or renew your 2018 membership for \$60 or less, we will be sending out a complimentary 2018 Air Facilities Booklet and Map. Become a 2018 member with a membership over \$60 and we will send you a complimentary LAMINATED 2018 Air Facilities Map.
